I sent you the County Employee Handbook. We do random testing if there is suspicion except for Road and Bridge and we follow the DOT guidelines which does do random testing.

So....not that you all aren't busy enough I need some more help please!

What is your policy on Marijuana use for a county employee? Do you test for marijuana for a new employee, do you random test?

Thanks for everyone's help!

Wendi Maez

Saguache County Administrator
